Updated: August 2017

A key factor making BioCycle Showcase Formula™ most effective is the presence of L-form bacteria. The L-form bacteria found in BioCycle products are unequaled among DFM products. The L-form offers an excellent shelf life and survive when mixed with high mineral feed ingredients allowing them to reach the lower digestive system unharmed.

BioCycle contains two separate L-form bacteria that enhance the function and population of the microflora in the lower gut. BioCycle Showcase Formula also contains both yeast culture and live cell yeast that produce a range of metabolites including B-vitamins, a broad based enzyme package to enhance nutrient digestion, specialized proteins for the unexpected environmental challenges, microbial sugars for nourishment of other gut microbes and potassium iodide to enhance metabolism.

## USE DIRECTIONS

Calves at weaning: 1/2 ounce/head/day for 7 days then 1/4 ounce per day thereafter

Breeding age heifers: 1/2 ounce/head/day for 7 days then 1/3 ounce per day thereafter

Show animals (Dairy):

Up to 12 months of age: 1/4 ounce/head/day

12 to 24 months: 1/3 ounce/head/day

Lactating: 1/2 ounce/head/day

Show animals (Beef):

Up to 800 lbs: 1/4 ounce/head/day

Over 800 lbs: 1/2 ounce/head/day

Pre-Show Regimen:

1 week before, during and after show (all groups): 1/2 ounce/head/day

Non-routine conditions (transportation, vaccination, dehorning, antibiotic therapy, heat stress, etc.): 1/2 ounce/head/day for 7 days then resume feeding at your normal rate

Use enclosed scoop. 1 scoop = 1/2 ounce 2/3 scoop = 1/3 ounce 1/2 scoop = 1/4 ounce

## PACKAGING

12.50 pound pail (#9300)

## STABILITY

Stable for two years. Store in cool, dry place.

## INGREDIENTS

Montmorillonite clay, Calcium carbonate, Yeast culture, Dried *Aspergillus oryzae* fermentation extract, Dried *Aspergillus niger* fermentation extract, Dried *Bacillus subtilis* fermentation product, *Saccharomyces cerevisiae*, Potassium iodide, Silicon dioxide, Dried egg product, Sugars, Lactic acid Citric acid, and Acetic acid.

## GUARANTEED ANALYSIS

(per 1/2 ounce dose)

Protease (*Aspergillus oryzae*).....3,500 ug of protein hydrolyzed/minute/0.5oz  
Hemicellulase (*Trichoderma reesei*).....1,500 ug of hemicellulose broken-down/minute/0.5oz  
Amylase (*Aspergillus oryzae*).....750 ug of starch hydrolyzed/minute/0.5oz  
Cellulase (*Aspergillus reesei*).....625 ug of cellulose broken-down/minute/0.5oz  
Bacillus Subtilis (Min).....50 x 10<sup>6</sup> cfu/g
