SUPERIOR Genetics, RELIABLE Markets

Scan the QR code for the most current offering of elite terminal beef bulls that excel for calving ease, growth performance, carcass merit, and elite fertility.

ProfitSOURCE™

- ProfitSOURCE beef sires are specifically selected for use on dairy cows with a focus on traits needed to earn top dollar for your beef x dairy calves.
- ProfitSOURCE partners offer improved, secure pricing for qualifying calves.
- ProfitSOURCE connects packer interest with improved uniformity and cutability along with age, sire and source traceability through RFID.
- ProfitSOURCE calf care guidelines ensure feeding and carcass performance, adding value along the supply chain.

NOW AVAILABLE: ProfitSOURCE MALE PACK. A single dose of semen that includes beef male-sorted product from three or more ProfitSOURCE sires.

On the cover: Improve herd performance with *gender* SELECTed 7HO14454 LIONEL. This LIONEL daughter at Larson Acres, Evansville, Wis., is clearly a hard worker. "I've seen daughters in our area, and I like what I see," said CentralStar Genetic Consultant Bob Sabo. "Even better, the producers who own them are really happy with them. They are milking like crazy!" Visit with your local CentralStar team member for *gender* SELECTed LIONEL.

Products sold by Select Sires Inc. or its affiliates to a buyer shall not be used other than as authorized by the terms and conditions in the sales invoice. Each conventionally processed semen straw (not sex sorted) shall be used only for insemination of a female bovine. ALL OTHER USES OF BOVINE SEMEN FROM SELECT SIRES INC. AND ITS AFFILIATES ARE STRICTLY PROHIBITED WITHOUT THE PRIOR WRITTEN CONSENT OF SELECT SIRES INC. INCLUDING (WITHOUT LIMITATION) GENOTYPING, SEQUENCING, CLONING, GENETIC ANALYSIS, GENETIC MANIPULATION OR FOR RESEARCH. Select Sires Inc., its member cooperatives, its agents or employees cannot and do not guarantee the conception rate, *gender*, quality or productivity to be obtained in connection with the use of its products or recommended techniques. It makes no warranties of any kind whatsoever, expressed or implied, which extend beyond the description of its products and hereby disclaims all warranties of merchantability and fitness for a particular purpose. In the unlikely event that any of our products shall be proven to be defective, damages resulting from their use shall exclude consequential damages and be limited to the purchase price of the product. All *gender* SELECTed semen is processed using Ultraplus™ technology. Ultraplus is a trademark of Inguram LLC. TM*gender* SELECTed semen is a trademark of Select Sires Inc. ©Wellness Trait Index, WTS, Dairy Wellness Profit Index, DWPS, and CLARIFIDE are registered trademarks of Zoetis Inc., its affiliates and/or its licensors. SMShowcase, GForce, Herd Health Profit Dollars (HHP\$), and Mastitis ResistantPRO are trademarks of Select Sires, Inc. ©Ngen and ProfitSOURCE are registered trademarks of Select Sires Inc. ©TPI is a registered trademark of Holstein Association USA. Limitations and Conditions of Sale: *gender* SELECTed semen shall be used only for the single insemination of one female bovine during single ovulation with

the intent to produce a single offspring unless specifically approved on an individual customer basis by Sexing Technologies (ST) in writing. ST agrees, however, that Select Sires' customers may use 4,000,000 concentration straws for superovulation or IVF so long as the service provider or the end-user is authorized for such use under an independent license (other than this agreement) by XY. AS A CONDITION OF PURCHASING *gender* SELECTED SEMEN, THE PURCHASER AGREES THAT *gender* SELECTED SEMEN WILL NOT BE REVERSE SORTED OR RESORTED UNLESS SPECIFICALLY PERMITTED, IN ADVANCE, ON A CASE-BY-CASE BASIS BY SELECT SIRES INC. IN WRITING. All other uses of *gender* SELECTed semen from Select Sires Inc. and its affiliates are strictly prohibited without the prior written consent of Select Sires Inc. including (without limitation) genotyping, sequencing, cloning, genetic analysis, genetic manipulation or for research. Select Sires intends to monitor the use of *gender* SELECTed semen and vigorously enforce these restrictions on the user.

Herd Health Profit Dollars™ is a tool to help you create healthy, longer-living cattle in your herd. Emphasis on components, mastitis resistance, udder depth, and teat size and placement are a few traits that are included to help boost profitability!

Balanced improvement in both fat and protein yield

Shallow udders with intermediate optimums for teat size and rear teat placement

Strong emphasis on mastitis resistance traits

Health-focused index that can be used to rank heifers in herds that perform genomic testing, but don't test with Zoetis or don't have CLARIFIDE™ Plus results

Allows for comparisons with all active Holstein sires

Includes the new CDCB feed efficiency evaluations to moderate body size and efficiently convert feed into milk

A better cow for a better future.

SELECT BIOCYCLE™ PLUS

Another Costly DA?

Mycotoxin exposure may be the cause.

A cow's immune system may be able to combat the debilitating effects for months before symptoms become obvious, so testing your feed is critical. Ask your CentralStar team about testing feed and strategies to deal with mycotoxin exposure.

Mycotoxin exposure can result in:

- ◆ weak or silent heats, cystic ovaries
- ◆ elevated somatic cell counts
- ◆ erratic intakes, sporadic loose manure, excessive DAs

IT'S TIME...

to know she's still pregnant with routine milk pregnancy testing before dry off.

Time to Rest

Least invasive method to confirm pregnancy. Promotes resting time which is associated with improved production. Research shows one hour of lost resting time leads to approximately 3.5 lbs. less milk/cow/day.

Saves Time

Conduct through routine DHI samples or send samples direct. Eliminates time and labor to sort, restrain and palpate animals.

Now is the Time

At 98% accurate, the milk pregnancy test identifies pregnancy status as early as 28-days post breeding until dry off.

Pedigree Sorts - Proven & GForce

Genetic diversity in the Holstein breed continues to dwindle, creating a greater risk for inbreeding in your herd when pedigree makeup is overlooked. Below are lists that are free of popular bloodlines and can be a good starting point to avoid inbreeding during genetic selection. To gain the greatest advantage in genetic selection, work with a CentralStar Genetic Consultant to accelerate your return on investment.

LET'S GO FOR COWS THAT ALL RANK #1

We only want the best for you and your herd. That's why we measure ear temperature combined with behavior. This gives you actionable insights about the health, fertility, and nutrition of your herd, so you know exactly what cows to focus on and why. Can't wait to start? Neither can we. Let's do better together! www.cowmanager.com.

AHEAD OF THE HERD TOGETHER
